

# DID YOU KNOW THAT "SILVER" DENTAL FILLINGS ARE 50% MERCURY ?

Did you know that MERCURY is

Did you know that MERCURY is associated with neurological and autoimmune diseases i.e. Multiple Sclerosis, Lupus, Parkinson's, Alzheimer's, migraines, tremors, childhood learning disabilities, autism syndrome, and passes through the placenta of a pregnant woman with amalgam dental fillings?

**Silver Amalgam Fillings are Not Safe !**

**The Pennsylvania Coalition for Mercury-Free Dentistry invites you to  
an eye-opening documentary:**

**Quecksilber: The Strange Story of Dental Amalgam**

**Tuesday, September 27, 7:00 pm (free)**

**The Ethical Society, 1906 Rittenhouse Square, Center City**  
**Gerald Smith, DDS and Gerald Regni, DDS, biological dentists, will be available  
for questions and comments following the film.**

**Quecksilber** covers the history of dental amalgam and provides scientific facts and references answering questions about the health and environmental dangers of mercury. The viewer will feel empowered to make thoughtful, well informed decisions about their health and their family's.

**For information: call Freya Koss, PA Coalition for Mercury-Free Dentistry. (610) 649-2606**
